## THURSDAY, OCTOBER 19, 2017

### **Achieve UC College Readiness Events**

*Achieve UC* is a new systemwide initiative aimed at helping more students understand how to prepare for higher education and to encourage them to get on and stay on a path to college. *Achieve UC* is modeled on successful high school visits conducted by President Yudof that have resulted in an increase in applications to the UC system from visited schools.

*Achieve UC* is comprised of visits to local high schools by senior UC campus leaders combined with college readiness workshops. UC President will also make visits to selected high schools.

*Achieve UC* will be offered in UC partner high schools with significant numbers of students who will be the first in their families to attend college. By targeting UC partner high schools, *Achieve UC* will build upon campus efforts already underway in these schools to improve college awareness, readiness and access.

During *Achieve UC*, high school students will have the opportunity to:

- Hear from UC leadership about the importance of a college education and the role that UC can play;
- Understand how to save and pay for college and the resources, including Blue and Gold Opportunity, that are available through the University of California;
- Understand their individual college readiness status through reports supplied by UC's Transcript Evaluation Service (TES), a data system that evaluates student transcripts in 9th-12th grades to identify their progress in completing "a-g" courses and in meeting UC and CSU admissions requirements;
- Obtain resources – college readiness workbooks, "a-g" planners, and other UC preparation materials – to use and share with parents and guardians. *Achieve UC* events will be conducted in fall 2017. Events will be organized by the UC Office of the President and by a local arrangements committee on each campus. Each campus will select 1-2 high schools from among its partner schools to participate in *Achieve UC*. Materials for each event will be
